

NATIONAL FLOOD INSURANCE PROGRAM

Bureau and Statistical Agent

W-02080

MEMORANDUM TO: Write Your Own (WYO) Principal Coordinators and the NFIP Servicing Agent

FROM: WYO Clearinghouse

DATE: November 11, 2002

SUBJECT: New Video Training Tools Available

The NFIP Bureau & Statistical Agent is making available several brief video "clips" that can be previewed and/or downloaded onto your desktop, inserted into a PowerPoint presentation, and used to enhance your NFIP training programs. The video clips are available under the new "Downloadable Video Clips" button at <http://bsa.nfipstat.com>

The system requirements needed to access this material are:

- Broadband or 56K modem Internet connection
- Windows Media Player version 6.4 or higher. This software is required to preview and/or play the downloaded MPEG1 files.

These video clips cover a variety of topics--from flood footage via helicopter and boat to testimonials from flood victims with and without flood insurance coverage. There is also a series of video clips that address mitigation requirements and efforts. Please keep in mind that these clips are not broadcast quality; they are designed for use as introductory and transition tools for NFIP training programs.

If you experience any technical difficulty with accessing the videos, please contact us via e-mail using the feedback feature. A technical representative from the NFIP Bureau will respond to you directly. For additional questions or concerns, please contact your Program Coordinator.

cc: IBHS, FIPNC, WYO Marketing Committee, Government Technical Representative
