MEMORANDUM FOR: Write Your Own (WYO) Principal Coordinators
and the NFIP Servicing Agent

FROM: WYO Clearinghouse

SUBJECT: Loss of Community Rating System (CRS) Discount
Report

In accordance with the May 1, 2008, Program changes outlined in Clearinghouse Bulletin W-08023 (<http://bsa.nfipstat.com/wyobull/w-08023.pdf>), significant premium increases will develop for policies effective on or after May 1, 2008, in 830 communities. The scope of the change is further explained in Clearinghouse Bulletin W-08030 (<http://bsa.nfipstat.com/wyobull/w-08030.pdf>).

To assist with identifying policies that will lose their CRS credit at their next renewal, the NFIP Bureau and Statistical Agent has developed a one-time report, which is being provided to your vendor (if applicable). This report will contain policies that are statistically reported as Post-FIRM structures located in a Special Flood Hazard Area where the lowest floor elevation used for rating is at least 1 foot or more below the Base Flood Elevation. (Post-FIRM V-Zone buildings with unfinished breakaway wall enclosures and the machinery or equipment is at or above the base flood elevation should not be impacted by this program change.)

The captioned report can be obtained from the NFIP FTP site at bureau.nfipstat.com/ftpind/coxxxxx/reports/vxxxxx.xls. All WYO Companies can secure extracted summary or detailed reports from their respective vendors. It is recommended that this report supplement your existing renewal underwriting process.

If you have any questions, please contact your WYO Business Analyst.
