MEMORANDUM TO:  Write Your Own (WYO) Principal Coordinators and the National Flood Insurance Program (NFIP) Servicing Agent

FROM:   Edward L. Connor
        Acting Associate Administrator for Federal Insurance and Mitigation

The Standard Flood Insurance Policy (SFIP) issued under the NFIP provides a period of sixty (60) days from the date of loss within which the policyholder must send the insurer a complete, signed, and sworn-to proof of loss, which is the policyholder’s detailed statement of the claim. These provisions are set forth in the SFIP in Article VII. General Conditions, Paragraph J.4 of the Dwelling Form and the General Property Form and in Article VIII. General Conditions, Paragraph J.4 of the Residential Condominium Building Association Policy Form.

Recently, a number of states experienced catastrophic losses as a result of Hurricane Irene. In many instances, access to NFIP-insured buildings was not possible due to damage to the infrastructure and high water. In other cases, NFIP-insured buildings initially damaged by flood from Hurricane Irene may have sustained flood damage as a result of Tropical Storm Lee and its remnants. These conditions caused hardships for NFIP policyholders that created delays in beginning the claims process. For these reasons, an extension of the 60-day period within which the policyholder must send a proof of loss to the insurer has been granted.

Therefore, by means of this memorandum, I am authorizing the extension of this period an additional thirty (30) days. This extension shall apply to all claims for damage arising out of Hurricane Irene to NFIP-insured buildings in the states of Georgia, South Carolina, North Carolina, Virginia, Washington, D.C., Maryland, Delaware, Pennsylvania, New Jersey, New York, Connecticut, Massachusetts, Rhode Island, New Hampshire, Vermont, and Maine by flooding starting between August 26, 2011, to September 4, 2011, whether the SFIP was issued directly by the NFIP Servicing Agent or through one of the private insurance companies issuing flood insurance coverage under the WYO Program. For example, the NFIP policyholder who incurred a flood loss on August 26, 2011, would normally have until October 25, 2011, to submit the proof of loss. With the extended deadline, the same policyholder...
now has until November 24, 2011, to submit the proof of loss. This extension will only apply to policyholders with current Standard Flood Insurance Policies with an effective date prior to the date the community first experienced a flood from Hurricane Irene.

This extension of time within which proofs of loss must be submitted is made pursuant to the SFIP provisions dealing with amendments, waivers, and assignment (Article VII. General Conditions, Paragraph D. of the Dwelling Form and the General Property Form, and Article VIII. General Conditions, Paragraph D. of the Residential Condominium Building Association Policy Form).

While all other terms and conditions of the SFIP remain in effect, it is hoped that the extension of time for filing proofs of loss by an additional thirty (30) days will give affected policyholders ample opportunity to present their statement of claim. This extension will be closely monitored by FEMA to determine whether or not a further extension might be warranted.

We ask for your full support. Any questions or comments regarding this extension should be directed to James A. Sadler, CPCU, AIC, Director of Claims, National Flood Insurance Program. Mr. Sadler may be reached by email at James.Sadler@dhs.gov.
