May 6, 2014

MEMORANDUM FOR: Write Your Own Company Principal Coordinators and the National Flood Insurance Program (NFIP) Servicing Agent

FROM: NFIP Clearinghouse

SUBJECT: Standard Flood Hazard Determination Form – Update

The Federal Emergency Management Agency (FEMA) Standard Flood Hazard Determination Form (FEMA Form 086-0-32) was updated on May 20, 2012, to require that the loan collateral be identified with an additional identifier (the parcel number) besides the building address. The changes made at that time had a 3-year phase in to allow electronic and other system updates to include this location information. After further review, it has been determined that the parcel number will not be required but will remain an optional collateral identifier.

The form can be found online: <http://www.fema.gov/media-library/assets/documents/225?id=1394> in the FEMA Library. Further information and questions should be directed to Susan Bernstein at (202) 212-2113 or Susan.Bernstein@fema.dhs.gov.
