MEMORANDUM FOR: Write Your Own (WYO) Principal Coordinators, the National Flood Insurance Program (NFIP) Servicing Agent, and Independent Flood Adjusters

FROM: NFIP Clearinghouse

SUBJECT: Hurricane Irma – Emergency NFIP Flood Authorization

Hurricane Irma and its remnants have caused significant damage. In light of this devastation, adjuster resources may be challenged. Therefore, the Federal Emergency Management Agency (FEMA) is providing a limited waiver of adjuster authorization.

This waiver is to encourage flood adjusters who did not attend an NFIP Claims Presentation in 2016 and 2017 to return to NFIP work. If the date shown on the adjuster’s flood control number (FCN) card is prior to June 1, 2017, the adjuster may return to active status through June 1, 2018, after completion of this presentation. However, in order to be active beyond June 1, 2018, the adjuster must attend an approved NFIP adjuster authorization presentation on or before June 1, 2018. This presentation is for authorization only and not for FCN upgrades.

Independent adjusters who were not previously authorized are also encouraged to attend this presentation. However, you must apply for authorization with the NFIP Bureau and Statistical Agent. You may download the application and bring it with you to the presentation for review and consideration. Please review the guidelines and requirements at https://www.fema.gov/adjuster-participation-national-flood-insurance-program.

DoubleTree – Miami Airport & Convention Center (MACC East Hall)
711 NW 72nd Ave
Miami, FL 33126
